Dear Kelly Miller Circus Folks,

I wish to thank you for a wonderful day at the circus. Our family attended the big top tent set up in the morning and then the 4:30 big top performance in Berkley MA June 25, 2009. Everything was great! We were thrilled to watch the elephants pull up the tent posts.

We were tremendously pleased with the professionalism and excitement that your staff exhibits.

The emcee for the tent set up was so informative!

The performers for the show were superb! We were amazed at the quality of the performances, from the spectacular rope ladies act, the remarkable strength of the flying trapeze artists, and of course the tigers and the elephants. The clowns, jugglers, dogs, hula hoop lady, etc were exciting too! There was just so much to watch and enjoy!

Being so close to the acts in the one-ring show was terrific! We could see everything!

Thanks again for a wonder day!
