Kelly Miller Circus

My name is Dan Hense with the Washington, Missouri Kiwanis Club. Every other year for the last 6 years I have been in charge of the Circus committee for our club. Our club was looking for a great fund raiser for good old fashioned family entertainment. Thankfully we found the Kelly Miller Circus. It has never failed to be a great fundraiser and has never failed to draw outstanding crowds. This year our club raised over \$3,000 even in these economic times. For a one day event we feel that is outstanding. Our committee consists of me and another member and we probably had less than 40 man hours in the whole project. I just want to thank you for all your support in helping make this event a success. You have a great group that helps from start to finish and the constant changing of your shows makes sure that the people will love the show even if they have been there before.¹ Please pencil us in in 2010 and if anyone wants to know about the process of setting up for the circus or have any Questions about working with your circus feel free to have them give me a call. Thank you again for your help! Dan Mense Washington, Missouri Kiwanis Club Circus Chairman
