To: Kelly Miller Circus Management

Recently the Kelly Miller Circus performed in our community. It was an enjoyable and exhilarating experience for the youngsters, their parents and the community overall.

Beginning with the 'Step by Step Guide' provided to the Chamber to the many phone calls and facsimilies that followed, we enjoyed total professionalism on the part of each participant acting on behalf of the circus.

We can not fully express the gratitude we feel in having such a complete team of professionals work in such harmony with our organization.

Without hesitation we would give the performances the highest marks and would recommend them to any other business engaged in fund raising or other activity.

Thanks to all of the performers, handlers, trainers and close-out personnel, particularly Ms. Tavana Brown for her assistance in working with us.

We sincerely appreciate your efforts and hope your stay in our community was a positive experience for everyone.

Very Cordially yours,

Lenny Anzaldúa
